Lucas County EMS Continuing Education Program Administrator

**DATE:** December 27, 2008

**RE:** **Continuing Education – January 2009**

---

In January 2009, CE classes will focus on the *newly revised* pediatric protocols and the addition of saline locks to field practice. In preparation of the protocols and skill station scenarios, I did not have ample time to place educational material on the county's web site for prior review. All necessary material (i.e., handouts, protocols) will be available at each of the January CE sessions.

I hope all of you had a wonderful holiday and I look forward to seeing you within the month of January. As always, if you have any questions or comments, please feel free to contact me at 419-213-6508.
