SUBJECT: **Continuing Education – March 2013**

---

Spring is in the air! Well at least we hope it will be soon. With that being said, Brent, Mike and I have been hard at work preparing your March 2013 Lucas County EMS Continuing Education. During the month of March we will complete the final 2 topics needed for your National Curriculum Update. Mike will be presenting a lecture on **PEEP (Positive End Expiratory Pressure)** and I will present a lecture on **Blood Chemistry Analysis**. Finally, we will be doing a **comprehensive review of our Lucas County EMS Protocols**. In preparation for March classes, I ask that you please take time to review your Lucas County EMS Protocols.

I look forward to seeing all of you March. If you have any questions or comments please feel free to contact Brent, Mike or I.
