SUBJECT: **Continuing Education – May 2014**

During the month **Dr. Lindstrom (LCEMS Medical Director)** will be present at each of the continuing education classes for the purpose of case/chart review. Each case was selected from our system's database and will be reviewed highlighting both positive findings and areas where improvement may be needed. Please bring to class any questions, and or thoughts, you wish to share with Dr. Lindstrom.

The remainder of class time in May will be spent reviewing **Environmental Emergencies**. In preparation I ask that you take time to review the following protocols:

- **Tab 900: Medical Emergencies**
 - **Section U: Respiratory Distress**
 - **Section D: Allergic Reaction**
 - **Section G: Bites and Envenomations**

I look forward to seeing all of you in the coming month. If you have any questions or comments please feel free to contact me.
