SUBJECT: Continuing Education – June 2014

With the beautiful weather finally upon us the season for trauma will be right around the corner. That being said, during the month of June we will review "Trauma" through a hands-on approach. We have put together several scenarios to enhance your approach to assessment and treatment of the trauma patient. The majority of your day will be spent outdoors (weather permitting). Please be prepared (hydrated and dressed appropriately) when you arrive for CE.

In preparation, I ask that you take time to review the following protocols:

- **Tab 1000 - Trauma**
- **Tab 800 - Cardiac**
 - **Section O: Traumatic Arrest (Adult)**

I look forward to seeing you in the coming month. If you have any questions or comments please feel free to contact me.
