**SUBJECT:** **Continuing Education – September 2014**

---

I hope all of you are enjoying a nice, safe summer. As September is fast approaching, it is time again to start preparing yourself for your upcoming continuing education. During the month of September we will review “**Pediatric Emergencies.**” The class will be half lecture and half skills stations. We have put together several scenarios for you to navigate through enhancing your approach to assessment and treatment of the pediatric patient in the field.

In preparation I ask that you take time to review the following protocols:

- **Tab 1100 Pediatrics**

I look forward to seeing you in the coming month. If you have any questions or comments please feel free to contact me.
