SUBJECT: **Continuing Education – January 2015**

It is hard to believe the New Year is almost upon us! It has been a long time coming, but in January 2015 I will highlight changes to our current spinal immobilization protocol which will emphasize a new approach to “spinal precautions” absent the historic use of backboarding for immobilization. We will also revisit ***Pediatric Emergencies*** during skill stations in an effort to maintain the required CE hours for the State of Ohio as well as National Registry.

As a reminder, the continuing education schedule for 2015 has been posted to the LCEMS website for your review. Please make note of the dates and times of scheduled classes throughout the year.

I look forward to seeing all of you in the coming New Year! If you have any questions or comments please feel free to contact me.

Happy Holidays to Everyone!
