SUBJECT: Continuing Education – October 2016

As fall is quickly approaching, October continuing education is in full preparation. In an effort to embrace the upcoming cold season, October continuing education will consist of lecture and scenarios highlighting environmental emergencies. To better prepare yourself for October CE please take time to review the following protocols:

- **Medical Emergencies**
 - **Tab 900 E: Altered Mental Status**
 - **Tab 900 L: Drowning (Submersion/Immersion)**
 - **Tab 900 R: Hypothermia**
 - **Tab 800 H: Hypothermic Cardiac Arrest**

If you have any questions or comments, please do not hesitate to contact me. I look forward to seeing all of you again during the month of October.
