*Keith G. Saxley, P.E., P.S.*  
County Engineer

**Date: July 29, 2013**

**Lucas County Automated Data Processing Board  
Ms. Anita Lopez, Secretary  
One Government Center, Suite 600  
Toledo, Ohio 43604**

**INTEROFFICE MAIL**

**Dear Ms. Lopez:**

**Our office is requesting authorization to have the following equipment connected to the County Network to provide the following services to our new Road Maintenance Garage located at 1049 S. McCord Road:**

- **Fuel Tank Monitoring System – the connectivity of this system would be from the fuel storage tanks monitoring panel inside our new Road Maintenance Garage (Bldg. E) to the patch panel bay that is connected to the County Network.**
- **Alarm and Security System – the connectivity of this system would be from the alarm/security panel inside our new Road Maintenance Garage (Bldg. E) to the patch panel bay that is connected to the County Network.**
- **Cell Phone Connectivity – Due to the fortification of our new Road Maintenance Garage (Bldg. E) to make it a storm shelter, cell phone reception is dropped. The Sprint AiRave system can be provided by Sprint at no extra charge. The AiRave system would connect to the County Network.**

**If you have any questions, or need additional information, please advise.**

**Very truly yours,**
