## General Information

The BOR is a three panel board, consisting of a representative from the County Commissioners, the County Treasurer and the County Auditor, who serves as secretary of the Board.

The BOR is responsible for conducting hearings to determine the Fair Market Value of the property. It allows tax payers an opportunity to share with the county information about their property which could affect the value. The Board can **ONLY** make changes to the value of the property. The Board **CANNOT** change tax rates or tax amounts due.
