Committee Reports

Medical Committee

Chief Cousino reported on the August 7, 2017 meeting.

CE Update

Brent was not in attendance. Chief Cousino reported ACLS is being held this month. Dr. Lindstrom reported Dr. Zadat asked if he could do a presentation on stroke, and LCEMS has not yet received the stroke materials to be presented. October will be the last CE session for the year.

EMS Billing

Vicki reported August brought in \$375,313.63 and year to date \$2,418,520.83. The projected amount for the year is \$3.6M which will be down \$200,000 from last year. Some of the issues this year was with Mercy and their interface going to EPIC, which has now resolved. Now there are issues with lack of an interface between EPIC and the ProMedica system.

Old Business

Dr. Lindstrom gave an update on drug shortages citing history with Fentanyl, the Annex has a six month supply. Also, Normal Saline is on the watch list, but Lucas County is in good shape. Dr. Lindstrom reported the critical shortage is with Atropine, which is used in patients to increase their heart rate. Dr. Lindstrom reported we have none in the Annex and what we do have is in the lockers and in the life squads. Dr. Lindstrom said there is no alternative to the drug. Discussion occurred regarding substituting push dose epi or dopamine. The hospitals are seeing the same issue with atropine shortages.

New Business

Chief Loboschefski introduced Jim Dusseau, citing he will be the Acting EMS Chief, who took Matt Mathias's place after his retirement.

Julie Goins Whitmire reported the MSU continues to stage in Oregon during the day and Richfield at night. The move of the MSU to St. Charles' campus is pending zoning approval of commercial to residential.

Adjournment

With no further business, the meeting was adjourned at 8:45 a.m. The next scheduled meeting will be November 1, 2017 at 8:30 a.m.
