
**The 1993 Annual Report of the
Lucas County Court of
Common Pleas,**

**Juvenile Divison
Toledo, Ohio**

Court of Common Pleas - Juvenile Division Lucas County Ohio Mission

The Court of Common Pleas - Juvenile Division is mandated and governed by law. In fulfilling its mandate the court's mission is to:

Ensure public safety.

Protect the children of the community.

Preserve families by supporting parents and intervening only when it is in the best interest of the child and/or the community.

Work with the community to develop and enforce standards of responsible behavior for adults and children.

Ensure balance between consequences and rehabilitation while holding offenders accountable for their actions.

Efficiently and effectively operate the services of the court.

We endorse the African Proverb, "It takes a whole community to raise a child". We will, therefore, cooperate with agencies, groups, and individuals who embrace our mission.

**Court of Common Pleas
Juvenile Division
Lucas County, Ohio**

Bill Copeland, Member Lucas County Board of Commissioners
Mark Pietrykowski, Member Lucas County Board of Commissioners*

Geno Natalucci-Peersichetti, Director Ohio Department of Youth Services

Citizens of Lucas County,

In compliance with Section 2151.18 of the Ohio Revised Code, we submit herewith, the Annual Report of the Lucas County Court of Common Pleas, Juvenile Division, covering the calendar year 1993.

The report shows the number and type of cases that have come before the Juvenile Division and information regarding programs and activities.

We would like to thank the Lucas County Board of commissioners for their ongoing support and assistance in making Lucas County a safer environment for all its young people.

Sincerely,

James A. Ray
James A. Ray,
Administrative Judge

Joseph A. Flores
Joseph A. Flores,
Judge

COURT REPORTER

1993 HIGHLIGHTS AND SIGNIFICANT EVENTS

JANUARY 4th. COUNTY BUDGET CUTS TO BE LESS SEVERE.

The budget ax was still to fall on Lucas County government this year, but the cuts will not be as deep as initially anticipated. Instead of laying off 200 employees, county officials now believe that 40 or 50 county workers will lose their job. Instead of slashing \$5 million from the budget, the commissioners were reporting that 1993 spending was to be trimmed by about \$2.3 million. The county ended 1992 with a balance of \$1.3 million, attributed to piggyback sales tax revenues coming in above projections. The Juvenile Court cut was adjusted to \$94,588 from an original projection of \$282,588. The detention cut was adjusted from \$145,337 to \$45,337. If the original detention cut was enacted, court officials were contemplating closing sections of the Child Study Institute.

JANUARY 20th. TESTING SMOKES OUT SEWER GAS.

Sewer gas leaks were detected in the Family Court Center as a result of tests conducted by the City of Toledo. Officials believe that this was causing employee illness in the building. A private contractor was brought in to seal the cracks.

[Source: Toledo Blade]

JANUARY 30TH. HELP OF MEDICAL COLLEGE OF OHIO SOUGHT IN FINDING COURT ILLNESS.

Nearly all 300 people who work in the Family Court Center have complained since October 1992 of headaches, nausea, dizziness, and respiratory problems. Court officials believe sewer gas seeping into the building through foundation cracks and an air intake unit near a roof drain may have been the culprit. County commissioners and court officials met with two medical specialists from the Medical College of Ohio to discuss the problem and tour the facility. The Medical College has offered the county assistance in dealing with the ongoing building problems.

[Source: Toledo Blade]

FEBRUARY 11. THREE FEDERAL INSPECTORS TOUR FAMILY COURT CENTER.

A team of specialists from the National Institute for Occupational Safety and Health (NIOSH) took their turn touring the Family Court Center trying to discover why employees have been getting ill their since October. The NIOSH focused on the building's heating, ventilation, and air-conditioning systems (HVAC). The agency has conducted over 1,200 air quality investigations, and the majority has revealed deficiencies in HVAC systems. The team poured over blueprints of the building and HVAC systems, conducted confidential interviews with employees, passed out health surveys, snapped pictures, and used equipment to register relative humidity and carbon dioxide. Complaints from the detention center had also recently surfaced.

[Source: Toledo Blade]

FEBRUARY 12. FAMILY COURT BUILDING FOUND LACKING FRESH AIR.

Employees at the Family Court Center may have been getting sick because fresh air was not entering the building when the heating systems were operating, federal investigators concluded. When fresh air comes in, the air intake may be sucking in exhaust fumes and other contaminants from a nearby loading dock, they said. A three member team from NIOSH completed its two day evaluation of the Family Court Center and issued several preliminary recommendations regarding the HVAC system and air intake. They recommended that the county hire a technician with the expertise to rework the complex system. The duct work has at least 80 junctions called diffuser boxes that has to be adjusted to allow a minimum outside air flow into the building.

[Source: Toledo Blade]

FEBRUARY 13. DUCT WORK TO START AT FAMILY COURT CENTER.

Lucas County Commissioners hire a contractor to begin making adjustments to the duct work that will allow fresh air to flow into the Family Court Center. The county also took steps to relocate the air intake duct by studying the idea of raising it four stories.

[Source: Toledo Blade]

FEBRUARY 17. FRESH AIR AN ELIXIR TO FAMILY COURT.

A number of control boxes were found defective and contractors were making adjustments to diffusers in the Family Court Center. It was evident that fresh air was beginning to enter the building.

[Source: Toledo Blade]

MARCH 8. HUMAN RESOURCE ADMINISTRATOR HIRED.

Michael Masiker was appointed to the newly created position of Human Resource Administrator. The position was created in response to the recommendations made by the Corporation for Effective Government county wide study.

MARCH 23. COMMOTION FOILS 5 GIRLS ATTEMPT TO FLEE CSI.

Had they pulled it off, five girls who tried to escape from the CSI could have been nursing broken bones. Instead they faced felony charges of aggravated rioting. The girls who overpowered two floor leaders and grabbed a set of keys, allegedly planned to break out a window screen and jump to the street two stories below. The escape plot was foiled when a Lucas County Sheriff's deputy heard the commotion on an audio monitor about 8:35 p.m. and bolted upstairs after his phone calls to floor leaders went unanswered. All five girls were caught, and all were charged with delinquency in connection with aggravated rioting, escape, and assault.

[Source: Toledo Blade]

JULY 13. INFORMATION SYSTEMS MANAGER HIRED.

Celeste Hasslebach was appointed to the newly created position of Information systems Manager. The position was created in response to the recommendations made by the Corporation for Effective Government county wide study.

JULY 22. SICK BUILDING CLOSED FOR SURGERY.

With employees falling ill in droves, the Family Court Center was closed on July 21st and was to remain closed until baffled county and city workers search for the cause. For a second consecutive day Toledo Fire Division trucks, Lucas County Life Squads, and private ambulances lined Jackson and Michigan Streets as paramedics provided oxygen to employees who complained of chest pains, difficulty breathing, burning eyes, and dizziness. The shutdown idled over 300 county employees who work in the Juvenile And Domestic Relations courts, the two major occupants of the building. County commissioners were to vote on an emergency resolution to hire a contractor to raise the buildings huge air intake that is located in the buildings loading dock area, known as the "pit". Also, the City of Toledo had agreed to place smoke bombs in the sewers adjacent to the building to determine if any sewer gas is entering the building. Gas leaks were detected on three separate occasions during January and all were corrected. Domestic Relations indicated that they were going to vacate the building until all corrections were made. Meanwhile, Honeywell, Inc., was working in the new section of the building adjusting and correcting 90 ductwork junctions called variable volume boxes. The firm had been hired by the county to evaluate the building air quality and discovered "wildly fluctuating temperatures and air flows" resulting from improper settings on the air control boxes.
[Source: Toledo Blade]

JULY 23. ACLU SEEKS TO REMOVE KIDS FROM CSI.

The local chapter of the American Civil Liberties Union called on Lucas County officials to temporarily move the 64 boys and girls out of the CSI while investigators continue to conduct tests at the Family Court Center. The 64 boys and girls detained were without hot water for about five hours when Toledo Fire Division

investigators were forced to shut off the two water heaters that service the court center. Investigators detected possible carbon monoxide fumes leaking from the water heaters in the basement of the building. the natural gas units provide hot water for the entire building that houses the detention center , juvenile, and domestic courts. the lack of water forced detainees to take cold showers and hampered laundry and food operations. One of the heaters went on line late in the afternoon after county officials agreed to monitor for carbon monoxide. Juveniles have not been evacuated because the mysterious odors affecting employees in the court center have not gotten into detention. The CSI does not have air conditioning and it shares no common air ducts with the rest of the building. The Family Court Center remained closed for a third straight day.

[Source: Toledo Blade]

JULY 24. CENTER TO REOPEN WITH SMOKING BAN.

After a three day shut down the Family Court Center was due to open with work crews finishing repairs and corrective measures. the focus of the repairs was to bring in as much fresh air as possible into the building. County commissioners announced an immediate and permanent ban on smoking in the building.

[Source: Toledo Blade]

JULY 27. JUDGE AND STAFF MOVE FROM THE COURT CENTER.

While repairs continue at the Family Court Center, Judge June rose Galvin (Domestic Relations Court) said she will play it safe and stay out of the building until all the work is completed. She took her staff and set up temporary offices at the Lucas County Courthouse. Judge David Lewandowski and his staff remained on the domestic relations floors (four and five) and conducted business.

[Source: Toledo Blade]

AUGUST 1. FAMILY COURT SICK WORKERS TO BE TESTED AT ST. VINCENT'S HOSPITAL.

Employees at the Family Court Center who feel ill, blame the building, and say they want to go home, will be sent first to St. Vincent's Medical Center. Examinations will be conducted by an occupational health physician and may include drawing blood samples. The hardest hit section of juvenile court has been the clerk's office in the old section of the building and that operation was temporarily moved to an employee lounge. Meanwhile, domestic relations had set up shop in the county owned old First Federal Building, they have been out of the Family Court Center for over six weeks.

[Source: Toledo Blade]

AUGUST 2. COUNTY SETS ASIDE \$650,000 TO PUT CEG PLAN INTO EFFECT.

Despite having to lay off some county employees, the Lucas County Board of Commissioners have set aside \$650,000 in the 1993 budget to implement recommendations for new equipment, training sessions, and management positions contained in last summer's Corporation for Effective Government study of county departments and operations. Of the set aside, \$450,000 will go to new computers for the common Pleas and Juvenile courts. The study noted that some county departments are using totally manual or outdated information systems, and that the introduction of computers would make operations more efficient.

[Source: Toledo Blade]

AUGUST. MISSION BASED BUDGET ADOPTED.

The Juvenile Court announce it would submit a mission based budget for 1994 budget hearings. The 1994 plan would list as priority items court wide automation, enhance security, and reallocation of personal resources.

OCTOBER 7. GROUND BREAKING CEREMONY OCCURS FOR YOUTH TREATMENT CENTER.

Ground was broken for the new 44 bed Youth Treatment Center at 225 11th Street. The 32,000 square foot facility is being built with a \$4 million grant from the State of Ohio issued in 1988.

OCTOBER. AUTOMATION PROJECT MAKING PROGRESS.

The court entered a cooperative agreement with Henschen and Associates, Inc., for a precontractual review of their Juvenile Information System software. Preparation were underway to set up a computer training laboratory in the building.

NOVEMBER 12. AGENCY SAYS FAMILY COURT CENTER CLEAN, BUT NEEDS MORE FRESH AIR.

The long awaited written evaluation of the Lucas County Family Court Center by a federal agency indicates that no health hazards were identified during a two day visit in February. But the National Institute of Occupational Safety and Health (NIOSH) does recommend that the county quadruple the amount of fresh air being pulled into the building. The county has complied with nearly all the preliminary recommendations made in February, including the most costly one - raising the buildings main air intake out of a delivery area to prevent exhaust fumes and other contaminants from being sucked into the building. NIOSH indicated that the center was built in accordance with the Ohio basic building code that was in effect at the time. Meanwhile, another firm, Healthy Buildings International, Inc., of Fairfax, Virginia, examined the center and will issue a report within a month.

[Source: Toledo Blade]

NOVEMBER 16. \$7.5 MILLION SOUGHT TO REPLACE CHILD STUDY INSTITUTE.

Lucas County is trying to obtain \$7.5 million to construct a new juvenile detention facility to replace the CSI. Court officials want to replace the 74 bed CSI with a 92 bed facility. The court has requested \$7.5 million from the Ohio Department of Youth Services to help cover the estimated \$19 million construction costs. The county commissioners announced that they would hire Commonwealth Construction Corporation to examine proposed site locations and develop a construction cost estimate.

[Source: Toledo Blade]

DECEMBER. HARDWARE AND SOFTWARE PROPOSALS ACCEPTED.

The Lucas County Data Processing Board approved a court request to purchase hardware, software, and network components for the Juvenile Information System. Henschen and Associates, out of Bowling Green, is the selected vendor providing the Juvenile Information System (JIS) software.

HUMAN RESOURCE ADMINISTRATOR APPOINTED

Michael Masiker was appointed to the newly created position of Human Resource Administrator effective March 8, 1993. He will be responsible for the creation and management of a Juvenile Court Human Resource Department.

Mr. Masiker graduated from Libbey High School (Toledo); from the University of Toledo, Bachelor of Arts (cum laude) in Liberal Studies and has graduate work at the University Of Toledo in Public Administration.

He has a broad based background spanning across private and public sector experiences. He has been employed at the Toledo Edison Company for over twenty years. Most recently as a Labor Relations Advisor; and previously as a Senior Systems Analyst and Supervisor of Energy Investigation. He has been active with the Ohio Air National Guard since 1970, currently serving as Organizational Maintenance Officer in charge of aircraft maintenance. He also serves as the Northwest Ohio Liaison Officer for the United States Air Force Academy.

INFORMATION SYSTEMS MANAGER APPOINTED

Celeste Hasslebach was appointed to the newly created position of Information Systems Manager effective July 13, 1993. She will be responsible for the creation, implementation, oversight, and management of the court's soon to be created automation system.

Ms. Hasslebach was the former Director of Data Processing for Memorial Hospital in Fremont, Ohio where she was actively involved in the selection and evaluation process of the turnkey system currently in place there. Her experience includes management and supervision of a data processing department; development of procedures; training; and, report development. She was employed with Memorial Hospital for 10 years, six as Data Processing Director.

LUCAS COUNTY YOUTH TREATMENT CENTER

The number one priority of the Lucas County Youth Treatment Center is to retain felony offenders in the community in a safe, secure, and therapeutic environment.

Ground was broken for construction of the new secure 44 bed facility on October 7, 1993. It will house felony level offenders who would otherwise be committed to a state youth facility. The four story structure located on county owned property on 11th Street will have approximately 32,000 square feet of space. It will contain three male living units; one female unit; four classrooms; medical facilities; four classrooms; library; science/craft room; counseling rooms; administrative space and offices; and an indoor passive recreation area. Gymnasium, food, laundry, and heating/air conditioning units will be shared with the Community Corrections Facility located adjacent to the treatment center.

The facility is being built with a \$4 million dollar grant issued in 1988 from the State of Ohio. Operating funds will be provided by the Ohio Department of Youth Services and the center will be under the operational control of the Juvenile Court judges. Completion of construction is slated for the summer of 1994 and the first residents will be received in early/mid fall of 1994.

The center is based on concepts that will: recognize accountability and responsibility as the basis of treatment for delinquent youth and their families; provide treatment goals for both youth and their families; recognize the delinquent youth's family as the provide comprehensive treatment and education components: and, recognize the individuality of each youth and their family as it relates to programming and treatment plans.

DESCRIPTION AND JURISDICTION OF THE JUVENILE DIVISION

The Lucas County Court of Common Pleas, Juvenile Division was created by statute in 1977 to decide cases involving juveniles. The establishment of a separate, distinct Juvenile Division within the Lucas County Common Pleas judicial system was an acknowledgment of the specialization and greater community emphasis on juvenile justice.

The courts of common pleas, the only trial courts created by the Ohio Constitution, are established by Article IV, Section I of the Constitution. The jurisdiction of courts of common pleas is outlined in Article IV, Section 4.

There is a court of common pleas in each of Ohio's 88 counties. Courts of common pleas have original jurisdiction in all criminal felony cases and all civil cases in which the amount in controversy exceeds \$500. Courts of common pleas of appellate jurisdiction over the decisions of some state administrative agencies. Most court of common pleas have specialized divisions created by statute to decide cases involving juveniles, probate matters, and domestic relations matters.

In 1993, there were 362 common pleas judges in Ohio. Of these, 134 had general jurisdiction only; 86 had general and domestic relations jurisdiction; seven had general jurisdiction plus domestic relations, probate and juvenile; 24 had domestic relations jurisdiction only; 13 had domestic relations and juvenile jurisdiction; 16 had juvenile jurisdiction only; 15 had probate jurisdiction only, and 67 had probate and juvenile jurisdiction.

Common pleas judges are elected to six year terms on a nonpartisan ballot. A person must be an attorney with at least six years of experience in the practice of law to be elected or appointed as a common pleas judge. The Governor makes appointments to fill vacancies in courts of common pleas that occur between elections.

Juvenile divisions hear cases involving persons under eighteen years of age, and cases dealing with unruly, abused, dependent, and neglected children. Juvenile courts also have jurisdiction in adult cases involving paternity, child abuse, nonsupport, contributing to the delinquency of a minors, and failure to send children to school.

[Source: 1993 Ohio Courts Summary, Ohio Supreme Court]

The Juvenile Division of the Lucas County Court of Common Pleas is divided into the following administrative departments:

- Administration;
- Legal Services;
- Business/Fiscal Services;
- Probation Services;
- Detention Services; and,
- Clerical/Support Services.

ADMINISTRATION

Dan Pompa, Court Administrator

The goal of the Juvenile Division is to effectively, efficiently, and equitably administer justice in all matters brought before it. Due process, the responsible administration of the law, human consideration and social awareness are imperative. The reasonable and responsible balance of society's just demands and the individuals rights are implicit.

Simply put, the goal of the court is to ensure that the children and people who come before it receive the kind of care, protection, guidance and treatment that will serve the best interest of the community and the best welfare of the child. The resolution of these cases is time consuming and difficult because of the ongoing personal, familial, and social problems encountered by the people involved. The Judges and administrative staff have concern not only for resolving cases in court but also for improving family life, personal relationships, and education and social services for families within the community. As society and it's legal structures grow more complex, so has the task of serving these goals. With this in mind the Juvenile division proceeds with the confidence to achieve it's goals; realizing that it is not within human power to achieve total success, but nonetheless committed to its ideal.

1993 JUVENILE DIVISION OBJECTIVES

OBJECTIVES

Court Automation
Enhanced Building Security
Reallocation Personnel
Resources
Staff Reorganization
Staff Retraining
Pay Adjustments

EXPECTED OUTCOMES

Maintain Current Level of
Services to the Community
Reduction in Personnel & Related
Costs
Improved Efficiency
Improved Public & Employee Safety

1993 C.S.I. (DETENTION) OBJECTIVES

OBJECTIVES

Automation
Enhanced Security
Reallocated Personnel Resources
Staff Retraining
Pay Adjustment

EXPECTED OUTCOMES

Maintain Current Level of Services &
Safety to the Community
Improved Efficiency
Improved Public & Employee Safety

LEGAL SERVICES

Donna Mitchell, Chief Referee

All cases filed in the Juvenile Division are assigned randomly to one of the two judges. Responsibility for many of these cases is delegated by the Judge to a Court Referee. The nine attorney Referees, under the supervision of the Chief Referee, adjudicate and dispose cases assigned to them in the form of a recommendation to the Judges.

NEW CASES FILED DURING 1993

DELINQUENCY	4,301
TRAFFIC	3,403
STATUS	581
DEPENDENCY/NEGLECT/ABUSE	442
CONTRIBUTING	264
MOTION PERMANENT CUSTODY	89
PARENTAGE	2,577
URESA	699
SUPPORT	775
CUSTODY/VISITATION	328
OTHER	69
TOTAL	13,528

This compares to 12,652 cases filed during 1992, an increase of 876 cases or 7%.

CASES TERMINATED DURING 1993

DELINQUENCY	4,844
TRAFFIC	3,678
STATUS	829
DEPENDENCY/NEGLECT/ABUSE	458
CONTRIBUTING	351
MOTION PERMANENT CUSTODY	67
PARENTAGE	2,120
URESA	740
SUPPORT	998
CUSTODY/VISITATION	512
OTHER	86
TOTAL	14,683

This compares to 12,437 cases terminated during 1992, an increase of 2,246 cases or 18%.

MEDIATION PROGRAM

Due to the increasing number and severity of cases being handled by the Juvenile Division, fewer resources were being devoted to status offenders (runaways, unruly, and school truancy). The Juvenile Mediation Program was created in 1991 as an alternative to traditional approaches to dispute settlement in cases involving status offenders. With the financial support of a Juvenile Justice Delinquency Prevention grant and a small number of trained volunteers, these offenders are being diverted from the formal court process and into mediation settlement and agreement.

In early 1992, a committee of court personnel and members of the Toledo Bar Association Juvenile Law Committee began meeting to develop a mediation program to resolve visitation issues in post-parentage cases. With the assistance of the coordinator for mediation services with the Ohio Supreme Court a Juvenile Court/Supreme Court collaboration was formed. The program recruited volunteer attorney mediators from the Toledo Bar Association Juvenile Law Committee.

Exit surveys conducted in 1992-93 indicated that 80% of the cases mediated came to an agreement on some or all of the issues. Of the 80%, 50% reached agreement on all issues. Seventy-five per cent of the parties were satisfied with the final outcome, 92% felt the mediators were fair, 86% felt they had an opportunity to state their views of the dispute, 97% felt the mediator understood their views, and 73% felt the mediation helped them understand the other person's view.

In July of 1993, the Juvenile Court received a \$24,000 grant from the Ohio Supreme Court to develop a 40 hour mediation training curriculum and manuals for trainers and trainees. The first training is scheduled for February of 1994.

In January of 1993, Katherine Homan, who began the Unruly Mediation Program, moved to Texas and Tammy Martin was appointed as the new coordinator.

BUSINESS/FISCAL

Gary Lenhart, Fiscal Administrator

The Business/Fiscal Department is responsible for budget preparation and control; payroll; time sheets; financial reports and records for state and federally subsidized projects; support and collections; purchasing and procurement of equipment and supplies; contracts; and, building maintenance.

The budget must be prepared annually and be approved by the Lucas County Board of Commissioners. Funds are budgeted separately for the Juvenile Court and the Child Study Institute.

PROBATION SERVICES

Deborah Hodges, Administrator of Probation Services

In a effort to enhance the efficiency and effectiveness of Probation Services by more accurately identifying high risk youth, a major reorganization of the department occurred during 1987. As the result of the implementation of a new case classification system, both staff and service delivery was reorganized. The result was the reallocation of resources according to different levels of risks and needs to youth who were most likely to recidivate.

The organizational structure of Probation includes:

- * ADMINISTRATION;
- * INTAKE;
- * DISTRICT UNIT 1;
- * DISTRICT UNIT 2;
- * INTENSIVE SUPERVISION UNIT (ISU);
- * MANAGEMENT INFORMATION;
- * JUVENILE RESTITUTION PROGRAM (JRP)
- * DIVERSION PROGRAM;
- * SUBSTANCE ABUSE SERVICES;
- * PLACEMENT SERVICES;
- * STRUCTURAL FAMILY COUNSELING; AND,
- * SEX OFFENDER TREATMENT.

MANAGEMENT INFORMATION SYSTEM (MIS)

The Management Information System was developed in order to begin a systematic collection of consistent data on probation referrals and to provide monthly management and caseload data to probation personnel.

1993 PROBATION SERVICES ACTIVITY

INTAKE UNIT

ASSESSMENT REPORTS	640
SOCIAL HISTORY INVESTIGATIONS	172

CASES SUCCESSFULLY TERMINATED	928 (97%)
AMOUNT RESTITUTION RECOVERED	\$113,114.36
PUBLIC SERVICES HOURS COMPLETED	1,631

DIVERSION PROGRAM

The Juvenile Court Diversion Program reached a significant milestone during 1992 - ten (10) years of successful operation. During their first decade, over 4,300 first offenders have been referred to the program. Based on the overall court philosophy of accountability, offenders attend a series of educational classes to earn the right to have their charge(s) dismissed upon successful completion.

1993 DIVERSION PROGRAM ACTIVITY

OFFICIAL REFERRALS	436
NUMBER OF TERMINATIONS	392
SUCCESSFUL TERMINATIONS	355 (91%)
UNSUCCESSFUL TERMINATIONS	6 (2%)
OTHER	31 (7%)
NUMBER OF SESSIONS	162

PLACEMENT SERVICES

Placement Services has existed as an adjunctive treatment for delinquent and unruly youth since the early 1940's. It's primary function, temporary out of home placement to treat issues related to criminal behavior, has remained consistent over the years.

1993 PLACEMENT SERVICES ACTIVITY

NUMBER YOUTH IN PLACEMENT	89
PURCHASED SERVICE DAYS	10,617
RESIDENTIAL TREATMENT COSTS	\$807,881.57
TERMINATIONS	34
SUCCESSFUL TERMINATIONS	12
UNSUCCESSFUL TERMINATIONS	22

SUBSTANCE ABUSE SERVICES

In 1988 the Juvenile Division completed the design of a formalized comprehensive substance abuse program. It included family intervention provided through the process of identification, assessment, education, and service referral. The Chemical Awareness Program (CAP) is a comprehensive drug/alcohol educational program that provides information about the pharmacological effects of alcohol and chemicals to youth and their parents.

1993 SUBSTANCE ABUSE SERVICES ACTIVITY

ASSESSMENTS	770
CAP REFERRALS	143
CAP TERMINATIONS	145

STRUCTURAL FAMILY COUNSELING

In keeping with the philosophy of keeping families together by building on their strengths, Probation Services has been training selected probation officers in structured family therapy techniques since 1981.

1993 STRUCTURAL FAMILY COUNSELING ACTIVITY

NUMBER OF FAMILIES REFERRED	27
NUMBER OF FAMILIES ASSIGNED	19
NUMBER OF FAMILIES TERMINATED	21

SEX OFFENDER TREATMENT PROGRAM (SOT)

The Sex Offender Treatment Program was developed in 1988 to respond to the special problems/issues that adolescent sexually abusive youth presented to the community and the court. These issues/problems are different from the other delinquent populations and require specially trained staff to provide a comprehensive intervention

1993 SEX OFFENDER TREATMENT ACTIVITY

NUMBER OF REFERRALS	58

NUMBER OF SOT SESSIONS	71
NUMBER OF INDIVIDUALS IN GROUPS	24
NUMBER OF INDIVIDUAL SESSIONS	296
NUMBER OF FAMILY SESSIONS	79
CASES TERMINATED SUCCESSFULLY	11
CASES TERMINATED UNSUCCESSFULLY	1

COMMUNITY CORRECTIONS

The Division utilizes a number of community based programs, many of which the Division was instrumental in developing.

The *Jerusalem Outreach Program* meets a need in the central city area of Toledo for a single organization to provide community based, multiphasic services at a centralized area for court involved youth. The *Mountain Mentor Program* involves assignment of an adult mentor with each participant and includes a two week backpacking trip to the White Mountain National Park in New Hampshire. *Parental Substance Abuse Counseling* provides a support group system for parents to assist them in dealing with their child's problems stemming from unacceptable behavior and/or chemical dependency.

COMMUNITY YOUTH SERVICES PROGRAM

The Community Corrections grant was established by the Ohio Department of Youth Services to administer a program of grants to counties. The purpose of the funding is to develop and operate community based programs and services for juveniles who are adjudicated delinquent on felony level offenses.

The Community Youth Services Program of Lucas County provides a balanced approach in addressing the needs and risks presented by the target population. That population is the youth placed on probation under the two highest levels of supervision (medium and high) for a felony level offense. The program provides enhanced services and monitoring to address the needs of this population while addressing the needs of community protection and public safety. Enhanced services include structured recreational activities, sex offender treatment, educational and other special interest opportunities are being provided to improve self-esteem and competency development.

The current fiscal year award to Lucas County was \$332,161.00

FATHER AND SON PROJECT

The Juvenile Court Father and son Project is designed to foster healthy relationships between fathers and their sons. The project aims to support (1) fathers in being effective role models for and loving parents to their sons, (2) sons in being loving children and contributing adult citizens, and (3) fathers and sons in creating meaningful shared experiences upon which to build productive lifestyles.

The program is a simple one: father-son pairs will meet in intensive group sessions and then branch out into such ed activities as fishing trips, retreats, and sporting events. The program is based upon the conviction that healthy relationships between fathers and sons will improve the success of probation, recidivism rates, and increase effective living skills and attitudes. The key components include: screening, intake, orientation, treatment planning, counseling, and referral.

COURT APPOINTED SPECIAL ADVOCATES (CASA) & CITIZEN REVIEW BOARD (CRB)

Court Appointed Special Advocates (CASA) are trained citizen volunteers serving as Guardian Ad Litem (GAL) and represent the best interest of youth primarily in dependency, neglect, and abuse cases. These advocates investigate a child's social and emotional background and advise the court in the disposition of the case. The goal of the advocate is to ensure that a child's right to a safe, permanent home is acted on in a sensitive and expedient manner. The CASA/GAL follows the case to its satisfactory conclusion with the child's best interest in mind at all times.

1993 COURT APPOINTED SPECIAL ADVOCATES ACTIVITY

New CASA'S Trained	28
New Cases	423
	46% assigned to CASA/GAL
	54% assigned to Attorney/GAL
Children Served	773
Volunteer Hours	21,888

The Citizen Review Board (CRB) reviews the status of each child in the care or custody of a public or private agency to determine that a plan for a permanent, nurturing environment exists and that the agency is working toward achieving this plan. Board members receive extensive training with regard to state statutes governing child welfare and board policies and procedure. The four six member boards each meet twice a month.

1993 CITIZEN REVIEW BOARD ACTIVITY

Number of Reviews	3,582
Hearing Held	12
Volunteer Hours	1,280

CHILD STUDY INSTITUTE (CSI)

The Child Study Institute (CSI) provides temporary secure detention for children between the ages of 8-18. The function of the center is two-fold:

provide temporary secure detention for youth who present a danger to themselves, or a danger to the community,
or who may abscond pending the disposition of their case; and,
to conduct psychological and psychiatric evaluations of youth in order to assist and advise the court regarding disposition of their case.

The center has 74 single bed rooms, 48 for boys and 26 for girls, divided into six separate and distinct sections. Youth are classified according to sex and whether or not they are first or repeat offenders. Each youth is given a physical examination upon admission and out patient and dental care are provided on a need basis. A pediatrician calls upon the center five days a week and nurses are on duty most of the day.

A complete educational program is provided by the Toledo Public Schools in the Lottie S. Ford School located on the second floor of the center. Teachers concentrate on the basics of education and attempt to raise low achievers to their appropriate education level through remedial instruction. Gym and physical activities are conducted on site at an indoor gym and outside playground area.

Spiritual needs are addressed by the Juvenile court Chaplaincy Program. Religious services are held on weekends and ministers and priests are encouraged to visit their members.

The *League of City Mothers* has been actively involved with the CSI since the 1930's by contributing funds toward the purchase of equipment and by organizing special activities.

UNIVERSITY OF TOLEDO/SBH/CSI TEACHING AND TUTORING PROGRAM

The University of Toledo's Severely Behavioral Handicapped Child Study Institute Program provides graduate students in the Department of Education with an empirical learning site - the CSI. The CSI population affords university students opportunities to internalize, practice, and demonstrate their abilities to motivate and facilitate learning. Because each student is set up to succeed, the detained youth have responded positively with both academic and behavior changes.

PLANNING OF NEW INSTITUTIONS (P.O.N.I.) PROCESS

The primary goals of the Lucas County Child Study Institute (CSI) is to maintain a safe and secure environment for youth and staff, and to provide needed services and programs to youth being detained. Due to several factors, the Juvenile division finds it difficult to achieve these goals. The facility is an old structure, originally built in the early 1950's, and was not designed to house the number and type of youth that must now be detained. Safety issues for everyone in the facility is an ongoing concern. In addition, the facility can no longer adequately provide the services or meet the programmatic needs of the more serious and violent types of youth being held.

The Board of County Commissioners have been aware that the facility suffers from serious problems. Despite this concern, the Board was simply unable to commit itself to an extensive renovation or construction program of the magnitude needed to adequately address the problem.

As a result of conversations with Geno Natalucci-Persichetti, Director of the Ohio Department of Youth Services (ODYS), he indicated a willingness to assist the county in demonstrating the need for renovations or new construction. This assistance included the possibility of financial support from the State of Ohio.

It was recommended that Lucas County establish a community based volunteer working committee to study the CSI to determine it's present status, future needs, and possible remedies. To provide consultants to assist the committee, ODYS obtained a federal grant called Planning of New Institutions.

Orlando Martinez, the former Director of Institutions for the State of Colorado, and Donna Hamparian, a noted researcher with the Federation for Community Planning in Cleveland, agreed to assist the committee under the terms and conditions of the grant.

Committee members were appointed in late 1991. The first meeting was held on January 7, 1992, under the direction of committee chair Sandy Isenberg, President of the Lucas County Board of Commissioners. The final report was adopted and submitted on December 17, 1993, with the following recommendations:

- (1) That the replacement of the Child Study Institute be a high priority of the Board of Commissioners.
- (2) That new construction and a name change be considered over renovation.
- (3) That a number of funding options be considered - including a temporary CSI capital improvement/construction levy.
- (4) That new construction take place at the site of the current CSI outdoor recreation area - corner of Jackson and 10th Sts.

- (5) That detention be expanded from seventy-four (74) to ninety-one (91) beds.
- (6) That if new construction occurs, the design be such to reduce or eliminate the need for separate twenty-four (24) hour intake coverage.
- (7) That the Juvenile division adopt a detention philosophy.
- (8) That the Juvenile division aggressively explore privatization as a means of attaining efficiency and quality service.
- (9) That the Juvenile Division develop or purchase a management information system (MIS) for detention.

JUVENILE STATISTICS FOR THE YEAR 1993

JUVENILE DIVISION OF THE LUCAS COUNTY COURT OF COMMON PLEAS

VOLUME

Juvenile offenses disposed during 1993 totaled 6,629, a decrease of 106 or 1.5% from 1992.

SEX

Of the 6,629 offenses 5,156 or 77.8% included boys and 1,473 or 22.2% included girls as compared to 5,162 or 76.6% for boys and 1,573 or 23.4% for girls in 1992.

INDIVIDUAL YOUTH/SEX

A total of 4,120 individual youth (except Out of County Runaway) appeared in court during 1993. This compares to 4,563 individual youth who appeared in 1992, a decrease of 443 youth or 9.7%.

Of the 4,120 individual youth, 3,010 or 73.1% were boys and 1,110 or 26.9% were girls as compared to 3,284 or 71.8% for boys and 1,279 or 28.2% for girls in 1992.

FIRST OFFENDERS VS. REPEATERS

Of the 4,120 individual youth who appeared in Court during 1993, 1,900 or 46.1% appeared for their first offense and 2,220 or 53.9% were repeat offenders. The following breakdown occurs:

	FIRST OFFENDERS		REPEATERS		TOTAL
BOYS	1,256	41.7%	1,754	58.3%	3,010
GIRLS	644	58.1%	466	41.9%	1,110
TOTAL	1,900	46.1%	2,220	53.9%	4,120

The percentage of repeat offenders has increased from 52% in 1992 to 54% in 1993. The increase is in the boys category.

DELINQUENT VS UNRULY

Of the 6,629 offenses for 1993, 6,311 or 95.2% were delinquent offenses and 318 or 5.0% were unruly offenses. There is no change in the percentages from 1992.
