RE: Coordination of Annual Events

To Whomever It May Concern:

In order to better coordinate proposed events requiring the use of roadways and rights-of-way with potential conflicts including construction projects, this office will be enforcing a new policy which requires requests for event road closures to be submitted to this office at least 90 days prior to the event date. We highly recommend future events/race routes (for any race) be submitted at least 90 days prior for the same coordination. Earlier coordination can allow for the potential to phase construction to accommodate the event.

Should you have any questions, or desire additional information, please contact the undersigned at 419-213-2860.

Very truly yours,

Tina M. Richey
Township/Roadway Department
