## Sales and Service Terms and Conditions

1. **Definitions.** The first page of this Sales Order/Service Agreement is referred to herein as the "Cover Page." The Cover Page and these Terms and Conditions, along with a listing of additional products on Product Schedule (if attached), and or any other attachments referenced on the Cover Page represent the agreement (the "Agreement") between Company and the Customer ("Parties") as identified on the Cover Page of this Agreement, with respect to the acquisition of those Products and the Service for such Products. "Products" shall mean the equipment ("Equipment") and any Software ("Application Software") identified on the Cover Page and/or on Product Schedule.
2. **Scope.** This Agreement may be executed for:
  - a) A **SALE** of Products. If a SALE, Company hereby offers to sell/license and Customer hereby accepts to purchase/license those Products in the quantity and for the price indicated on the Cover Page (and/or Product Schedule). Payment terms are set forth in Section 7, below. Title to the Equipment will transfer to Customer upon delivery; or
  - b) A **LEASE** of Products. If a LEASE, Customer will execute a separate lease agreement with a third party lessor which will fund the purchase/license of the Products in the quantity indicated on the Cover Page (and/or Product Schedule) for the benefit of Customer. The lease will be between Customer and a third-party lessor. Company will not be a party to the lease. Upon execution of a lease agreement between Customer and third-party lessor, the Customer shall be responsible to lessor to satisfy the terms and conditions of the lease; or
  - c) A **RENTAL** of Products. If a RENTAL, Company hereby offers to rent and Customer hereby accepts to pay for those Products in the quantity and for the price indicated on the Cover Page (and/or Product Schedule). Payment terms are set forth in Section 7, below. Title will remain with the Company throughout the Term as indicated on the Cover Page. Customer agrees to obtain adequate insurance coverage sufficient to cover the full replacement value of the rental equipment while in Customer's possession, and to have Company named as the loss payee. Unless otherwise stated in the Cover Page, the rental is non-cancellable for the stated term.
3. **Delivery and Installation.** Unless specified otherwise on the Cover Page, the Company shall deliver and install the Products at the location specified by Customer on the Cover Page unless: (1) Customer has not made available at that address a suitable place of installation as specified by the Company; or (2) Customer has not made available suitable electrical service in accordance with the Underwriter's Lab ("UL") or manufacturer's requirements. All risk of loss will transfer to the Customer upon delivery. Customer will be responsible for nonstandard delivery charges.
4. **Services.** This Agreement covers both the labor and materials for adjustments, repairs, and replacement of parts necessitated by normal use of the Equipment. Unless otherwise stated on the Cover Page, Services do not include the following: (a) repairs due to (i) misuse, neglect, or abuse (including, without limitation, improper voltage or use of supplies that do not conform to the manufacturers' specifications), (ii) use of options, accessories, products, supplies not provided by Company; (iii) non-Company alterations, relocation, or service; and/or (iv) loss or damage resulting from accidents, fire, water, or theft; (b) maintenance requested outside Company's normal business hours or this Agreement, (c) relocation, (d) software or connected hardware, (e) hard drive replacement, (f) MICR Toner for Laser Printers, and parts and labor for all non-laser printers, and/or (g) parts for Scanners. Company reserves the right, at its sole discretion, to replace Equipment with Equipment of similar or better conditions and features, rather than providing on-site Service support. Replacement parts may be new, reprocessed, or recovered. Supplies provided by Company are in accordance with the copy volumes set forth on the Cover Page and within the manufacturer's stated yields, and do not include staples or paper. Supplies are to be used exclusively for the Equipment and remain Company property until consumed. Customer will return, or allow Company to retrieve, any unused supplies at the termination or expiration of this Agreement. Customer is responsible for the cost of excess supplies. Supplies will be shipped to Customer via UPS Ground, or another method selected by Company. Unless otherwise stated herein, Customer will be billed for shipping, including, but not limited to, UPS Ground, Overnight, and/or Messenger Service per billing period or per shipment based on number of products. Additional fees may be charged for Services provided outside Company's standard business hours or for computer/network issues and will be at Company hourly rates in effect at the time of such Services. Equipment may be supported and serviced using data that is automatically collected by Company from the Equipment via electronic transmission from the Equipment to a secure off-site location. Examples of automatically transmitted data include product registration, meter read, supply level, Equipment configuration and settings, software version, and problem/fault code data. All such data will be transmitted in a secure manner specified by Company. The automatic data transmission capability does not permit Company to read, view or download any Customer data, documents or other information residing on or passing through the Equipment or Customer's information management systems. Services may be delivered by Company's Affiliates and/or Subcontractors, at Company's sole discretion. Unless otherwise agreed to in writing, Customer remains solely responsible to secure any sensitive data and permanently delete such data from the internal media storage prior to removal of Equipment or termination of this Agreement. Company has no obligation to maintain Equipment beyond the "End of Service" for that particular model of Equipment. End of Service ("EOS") means the date announced by manufacturer after which Company will no longer offer Services for a particular Equipment model. Company reserves the right to discontinue Service upon thirty days written notice for any Equipment for which parts and/or Supplies are no longer available, or are not available on commercially reasonable terms.
5. **Meter; Electric Services.** Equipment is required to be connected to a remote transmission tool, which will periodically communicate meter reads as well as other device diagnostic data and upon which invoices will be based. If a remote transmission tool is not installed and otherwise upon request, you will provide us, by telephone, email, web submission, or fax with the actual meter readings three days prior to your due date. We may estimate the number of images used if such meter readings are not communicated to Company. The estimated charge for excess images shall be adjusted upon receipt of actual meter readings. If you are unable to maintain remote transmission, the Company reserves the right to charge you a per device fee for such affected Equipment due to the increased service visits that will be required in order to: (x) obtain such information, (y) provide such transmissions and (z) provide such Maintenance Services and Consumable Supplies that otherwise would have been provided remotely and/or proactively. If you elect to not install a remote transmission tool, the contract is subject to the manual meter collection fee outlined on the Company's currently published fee schedule. You agree to provide adequate space without charge for the Equipment, adequate electricity (including, if necessary, a dedicated 110 or 220-volt line), an electrical surge suppressor with a UL-1449 rating or better, and reasonable storage for supplies to be used with the Equipment.
6. **Additions and Modifications.** If, at any time during the Term, Customer upgrades, modifies, or adds equipment, Customer shall promptly notify Company and provide Company right of first refusal to provide Services for added equipment. Company maintains the right to inspect any upgrades and modifications to Equipment and/or additional equipment and, in its sole discretion, determine whether equipment is eligible for Services. If approved for Services, the Agreement will be amended to include such changes, including pricing modifications. All networked devices must be set up with our monitoring app for meters and Supplies. Any devices not under contract will be added automatically to the account for the listed rate. If our monitoring software is not reporting, the customer must work with us to resolve the issue as soon as possible.
7. **Term and Payment.** Except as may otherwise be provided for herein, this Agreement is non-cancellable and shall remain in effect throughout the Term; and, unless notified in writing sixty (60) days prior to its expiration, this Agreement shall automatically renew for 12 months. The Company reserves the right to terminate upon thirty days written notice. In the event the fees herein are included in Customer's lease payment, the Term shall run concurrently with the lease agreement and be subject to the renewal provisions provided for therein. The meter count at installation or, in the case of owned printers, at assessment, will be used for meter/overages calculations. Customer agrees to pay Company all amounts due within thirty days of the date of Company's invoice or, if the parties have agreed the third-party lessor will collect the service fees due under this Agreement on behalf of Company, in accordance with the applicable lease agreement, and all other sums when due and payable. Any Monthly Payment entitles Customer to Services and Supplies for a specific number and type (i.e. black & white, color, scan) of Prints/Copies as identified on the Cover Page and will be billed in advance. In addition, Customer agrees to pay the Overage Rate for each Print/Copy that exceeds the applicable number and type of Prints/Copies provided in the Minimum Monthly Payment which amount shall be billed in arrears and is payable as indicated on the Cover Page. A Print/Copy is defined as standard 8.5"x11" copy. No credit will be applied towards unused copies/prints. Customer's obligation to pay all sums when due shall be absolute and unconditional and is not subject to any abatement, offset, defense or counterclaim. If any payment is not received by Company within fifteen (15) days of its due date, Company may charge, and Customer will pay a late fee of 5% of the amount due or \$25, whichever is greater (or such lesser rate as is the maximum allowable by law). Company has the right to withhold Services and Supplies, without recourse, for any non-payment. Unless otherwise stated on the Cover Page, Company may increase the Base Charge and/or the Overage Rates on an annual basis, in an amount not to exceed 20%. Company retains the right to have all or some of the amounts due hereunder billed and/or collected by third parties. If Customer requires any specialized billing procedure or invoicing, Company reserves the right to bill an administrative fee, in accordance with Company's currently published fee schedule, which is subject to change from time to time.
8. **Taxes.** Payments are exclusive of all state and local sales, use, excise, privilege and similar taxes, if any. You will be responsible for, indemnify and hold Company harmless from, all applicable taxes, fees or charges (including sales, use, personal property and transfer taxes (other than net income taxes), plus interest and penalties) assessed by any governmental entity on you, the Equipment, this Agreement, or the amounts payable hereunder (collectively, "Taxes"), unless you timely provide continuing proof of your tax exempt status. Customer will pay when due, either directly to the taxing authority or to Company upon demand, all taxes, fines and penalties relating to this Agreement that are now or in the future assessed or levied, except for taxes levied upon Company's income.
9. **Applicable Laws.** Both Parties agree that they will comply with all applicable laws and regulations during the Term.
10. **Limited License to Use Software.** Company grants (and is authorized by its licensor's to grant) Customer a non-exclusive, non-transferable license to use in the U.S.: (a) software and accompanying documentation ("Base Software") only with the Equipment with which it was delivered; and (b) Software that is set forth as a separate line item in this Agreement ("Application Software") (including its accompanying documentation), as applicable, for as long as Customer is current in the payment of all applicable software license fees. "Base Software" and "Application Software" are referred to collectively as "Licensed Software". Customer has no other rights and may not: (1) distribute, copy, modify, create derivatives of, decompile, or reverse engineer Licensed Software; (2) activate Licensed Software delivered with the Equipment in an inactivated state; or (3) allow others to engage in same. Title to, and all intellectual property rights in, Licensed Software will reside solely with Company and/or its licensors (who will be considered third-party beneficiaries of this Section). Licensed Software may contain code capable of automatically disabling the Equipment. Disabling code may be activated if: (x) Company is denied access to periodically reset such code; (y) Customer is notified of a default under this Agreement; or (z) Customer's license is terminated or expires. The Base Software license will terminate: (i) if Customer no longer uses or possesses the Equipment; or (ii) upon the expiration or termination of this Agreement, unless Customer has exercised its option to purchase the Equipment. Neither Company nor its licensors warrant that Licensed Software will be free from errors or that its operation will be uninterrupted. The foregoing terms do not apply to Diagnostic Software or to Licensed Software/documentation accompanied by a clickwrap or shrinkwrap license agreement or otherwise made subject to a separate license agreement.
11. **Diagnostic Software.** Software used to evaluate or maintain the Equipment ("Diagnostic Software") is included with the Equipment. Diagnostic Software is a valuable trade secret of Company or its Licensors. Title to Diagnostic Software will remain with Company or its licensors. Company does not grant Customer any right to use Diagnostic Software, and Customer will not access, use, reproduce, distribute or disclose Diagnostic Software for any purpose (or allow third parties to do so). Customer will allow Company reasonable access to the Equipment to remove or disable Diagnostic Software if Customer is no longer receiving Service from Company, provided that any on-site access to Customer's facility will be during Customer's standard business hours.
12. **Software Support.** Except for Application Software identified as "No Svc." on the Cover Page, Company (or a designated servicer) will provide the software support set forth below ("Software Support"). For Base Software for Equipment, Software Support will be provided during the initial Term and any renewal period but in no event longer than 5 years after Company stops taking customer orders for the subject model of Equipment. For Application Software, Software Support will be provided as long as Customer is current in the payment of all applicable software license and support fees. Company will maintain a web-based or toll-free hotline during Company's standard working hours to report Licensed Software problems and answer Licensed Software-related questions. Company, either directly or with its vendors, will make reasonable efforts to: (a) assure that Licensed Software performs in material conformity with its user documentation; (b) provide available workarounds or patches to resolve Licensed Software performance problems; and (c) resolve coding errors for (i) the current Release and (ii) the previous Release for a period of 6 months after the current Release is made available to Customer. Company will not be required to provide Software Support if Customer has modified the Licensed Software. New releases of Licensed Software that primarily incorporate compliance updates and coding error fixes are designated as "Maintenance Releases" or "Updates". Maintenance Releases or Updates that Company may make available will be provided at no charge and must be implemented within six months. New releases of Licensed Software that include new content or functionality ("Feature Releases") will be subject to additional license fees at then-current pricing. Maintenance Releases, Updates and Feature Releases are collectively referred to as "Releases". Each Release will be considered Licensed Software governed by the Software License and Licensed Software Support provisions of this Agreement (unless otherwise noted). Implementation of a Release may require Customer to procure, at Customer's expense, additional hardware and/or software from Company or another entity. Upon installation of a Release, Customer will return or destroy all prior Releases.
