# 1 Smart Search

The Smart Search feature is a built in feature available for all users of Navigator Portal. This feature allows users to search for court records.

*Note: The results displayed for a search may be restricted from appearing in the search results for a given user by party connection key, case type, and case security group.*

## Smart Search

The *Smart Search* page provides a user several options by which to search for a case or other record. The Smart Search feature is accessed from the Portal home page.

#### *Smart Search Criteria*

Use the **Search Criteria** field to search for a case by case number, warrant number, or a party name.

### ***Civil Cases***

**If searching for a civil case that was opened before October 4, 2024, please use the following format for searching by case number:**

G-4801-CI-0202301234-000: The CI may be replaced with TF for Tax Foreclosure of CL for Court of Appeals. The filing year should always be preceded and followed by a (0) and the dashes must be present in the indicated places. In only rare cases will the extension -000 contain other digits.

**If searching for a civil that was opened on or after October 4, 2024, please use the following format for searching by case number:**

CI2024-00001: The CI may be replaced with TF for Tax Foreclosure of CL for Court of Appeals. The “2024” will represent the year the case was opened.

### ***Criminal Cases***

**If searching for a criminal case that was opened before October 4, 2024, please use the following format for searching by case number:**

G-4801-CR-0202301234-000-D1: The filing year should always be preceded and followed by a (0) and the dashes must be present in the indicated places. As part of the conversion to the new system, defendants were separated to individual cases and will appear as -D1, D2, D3, etc at the end of original

case number.

**If searching for a criminal case that was opened on or after October 4, 2024, please use the following format for searching by case number:**

CR2024-00001: The “2024” will represent the year the case was opened. Cases will be created in the new system as one defendant per case.

## Performing a Smart Search

Use one of many search options to find a record in the database.

To perform a Smart Search:

1. From the Portal home page, click **Smart Search**.
2. Take one of the following actions:
  - In the **Search Criteria** field, type a case number or name in last, first format.
    - The wild card for searching is the “\*”. Please note that you cannot use the wild card search in combination with the Advanced Search options. Only one or the other is allowed.
    - If you the wild card search the following rules apply:

---

### Smart Search

\*Required

One or more fields was completed incorrectly:

To perform a wildcard search, type a minimum of three characters followed by an asterisk for the last name, a minimum of one character followed by an asterisk for the first name, and a minimum of four characters followed by an asterisk for the business name or nickname.

---

- Click **Advanced Filtering Options**. Then, in the **General Options** section, select one of the following targeted searches from the **Filter by Search Type** field: (Please note that the wild card search cannot be used in combination with the advanced search.)
  - Attorney Bar Number
  - Attorney Name
  - Business Name
  - Case Cross-Reference Number
  - Case Number
  - Judicial Officer
  - Nickname
  - Party Name
  - Warrant Number

3. Click **Submit** to perform a search

The results are displayed in order of case number or party name.

# Search Results

After a search is executed, the search results are displayed in a new page. The search results page displays any items that match the search criteria entered.

*Note: On a case in Navigator, the party can be marked as restricted, which prevents the party from displaying online.*

# 3 Document Access

*Topics covered in this chapter*

- ♦ [Opening a Document from the Register of Actions](#)
- ♦ [Downloading the Full Document](#)
- ♦ [Opening the File](#)

Document Access is made available on the Public Portal for all entries for which a document has been related.

## Opening a Document from the Register of Actions

If an image is available you will see one of the following icons:   .

Single left-click on the icon and the document will open in a new tab of your browser.

The document may only present the first 2 pages when a document is more than 2 pages.

In this event, the document can be downloaded to be viewed in full.

Scroll down to the bottom of the page and you will see a Download Document button.

**Download Document**

## Downloading the Full Document

Single left-click on the Download Document button.

*Note: Most browsers default to saving Downloaded files to the Downloads folder on your C: Drive on the computer but also have a history of downloaded files available within the browser window.*

Document images converted from the Legacy system will be saved as a .TIF file while document images saved into the new case management system since 10/4/2024 will be saved as a .pdf file.

*See figure 3.1*

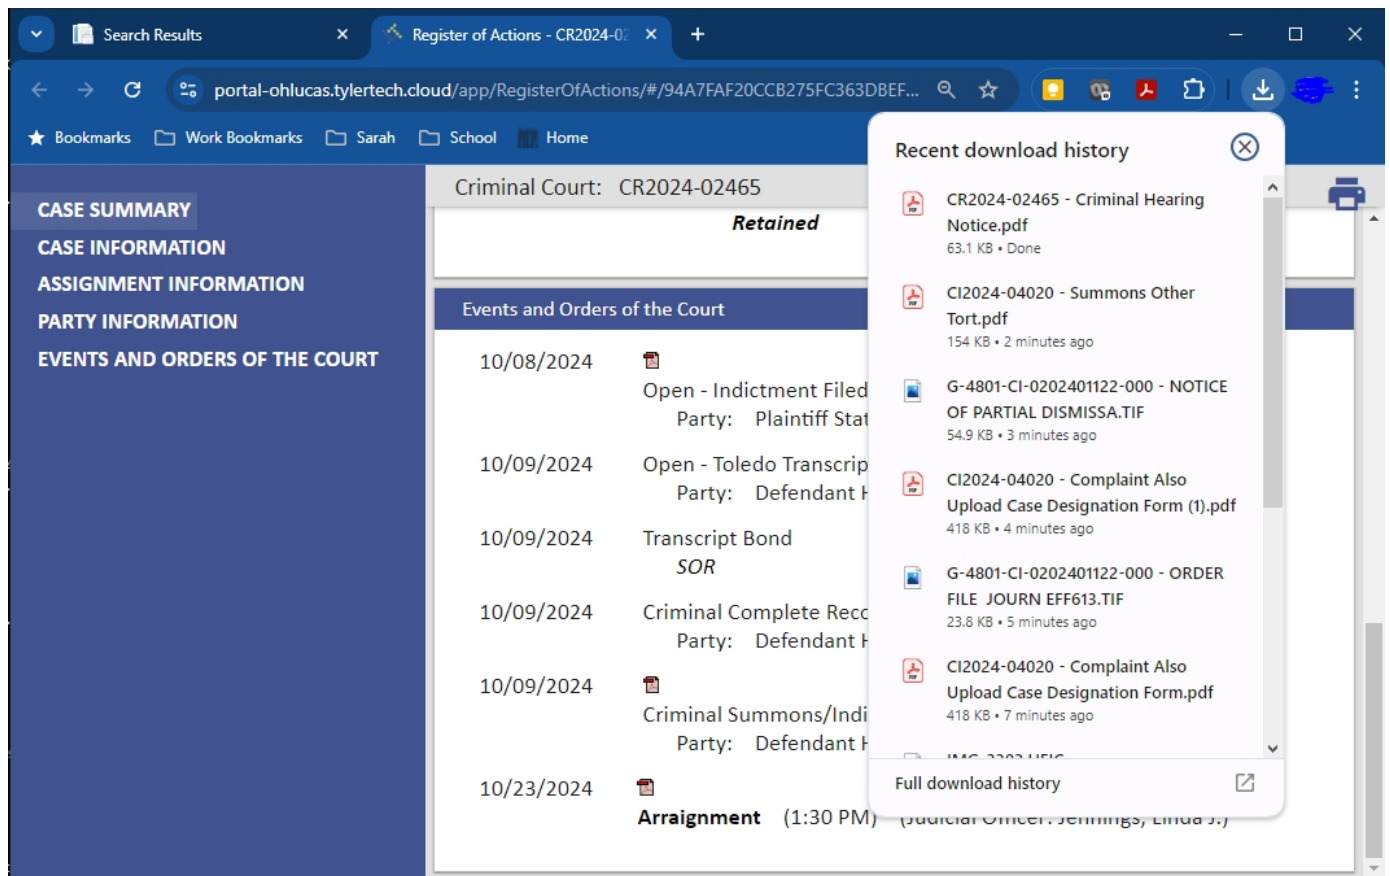

Figure 3.1 – Browser Access to Download History

## Opening the Downloaded File

Most computers will open a PDF document  with Adobe Reader.

Many computers will open a .TIF file  with a photo viewer, in which case you may only see the first page of the document. These files are best opened with Adobe Reader to access the full document. You can direct the file to open with Adobe Reader by finding the file on your computer and single right-click to choose “Open with...”.

Alternatively, you can direct your computer to open all future .tif files with Adobe Reader. Instructions for this can be found at the following links:
